### Newsletter – March 2013

#### President's Message March 2013

Aloha from the South Island of New Zealand. We arrived in Auckland on February 5th where our friends Nancy and Jim (Associate Members of BIARC) picked us up. After spending a couple days there and visiting Ken ZL1KEN for an afternoon we headed south on the west coast of the North Island. Stopped to see Myrle ZL2MIC and her husband Jim in New Plymouth and they introduced us to Carolyn ZL2JP and her husband Dennis ZL2ME. Further south we stopped to see Gary ZL2GLM in Hawera where we had lunch at the Fat Cow. I'm beginning to feel like one after all the eating we have done on the ship and also here in New Zealand. You'll be glad to know that Richard has had his ice cream almost every day, not only on the ship but also here on land. The last couple days, after taking the ferry over, we have been in the Nelson area of the South Island visiting with friends of Nancy. Will leave here in the morning and head further south. It has been slightly chilly and I'm sure it will get colder the further south we go. Regards to you all from kiwi country. See you in a few weeks. 73 and 88 Barbara and Richard (NH7FY and AH7G)

#### 10-10 International Net News

Sorry, but there will be no mobile qso party in March. The next on-air event will be April 27 and 28 when the spring digital qso party will be held.

10-10 International is meant to be a fun net, to keep 10 meters in use. To become a member, contact ten 10-10 members and make a log with their call sign, 10-10 number, date, operator's name and qth. US amateurs send it with \$15 to the Data Manager at 1349 Vernon Terrace, San Mateo, CA 94402-3331. It will only cost you \$10 if you take the newsletter by electronic delivery. Complete information about membership and operating activities can be found on the web site, [www.ten-ten.org](http://www.ten-ten.org).

10-10 has two daily nets called simultaneously every day except Sunday at 0800 HST on 28.380 and 28.800 MHz. The Aloha Chapter meets on 28.490 MHz Monday evening at 1830 HST. There are about 80 other chapters that meet each week, so listen and join in when you hear them. Details can be found on the web site.

-Irene NH7PE

## Meetings and Get-Togethers

**Membership meetings** – Second Saturday of each month at 2PM at the Kea'au Community Center

**Board Meetings** – will be held every other month 1 hour prior to the general membership meeting at the same location as the general meeting (January, March, May, July, September, November).

**Friday Lunches** – A group meets for lunch every Friday at 11:30 at the Pizza Hut near the KTA in Puainako Shopping Center.

### East Hawai'i Net

The East Hawai'i Net meets on Monday, Wednesday, and Friday mornings at 8AM HST on the 146.76 MHz repeater.

### ARES Emergency Net

Meets Saturday evening at 1900 HST on the 146.76 repeater. Backup is 146.76 simplex. All are welcome to check in.

### BIWARN Accessible Repeaters

Repeaters in **bold font** are BIWARN/MCDA linked. When operating over a link, remember to leave extra time in each transmission for the link to be established. The number in parentheses is the tone access frequency.
