THE BIG ISLAND HAMGRAM

The newsletter of the Big Island Amateur Radio Club

First board meeting, membership event set for January 11

More than two dozen members and guests enjoyed the traditional BIARC Holiday Potluck Party in December at Kamana Senior Center in Hilo.

The club will start off the new year with its first monthly board meeting at noon and membership event at 2 p.m.

at the center at 127 Kamana St. on Sunday, Jan. 11.

Both sessions are open to the membership, and online attendance also is welcomed. Find the links on the BIARC website, biarc.net.

Recognize these items?

Refreshments Committee Chair WH6EMN will bring this unique hand towel and serving spoon to the January meeting. They were left behind after the holiday potluck party.

BIARC educational outreach grows

Next up: Onizuka Science Day at UHH Jan. 24

*By David Miller, KH6CZ
Chair, BIARC Education & Outreach Committee*

The Kapi'olani Elementary School event Wednesday, Dec. 17, was one of our few morning events this

past year, and one of our best. Despite Joe's (WH6JOE, SK) unfortunate absence, the rest of the team was on board.

The event was long, (set-up at 7:15 a.m. and event spread over four

grade levels from 8:15-11:35 a.m.) but the students were presented in an orderly procession that made the interactions more meaningful.

We were all present from 8 hundred through 12

WH6HAA, WH6FSA and WH6EMN introduce amateur radio to keiki in several grade levels at Kapi'olani Elementary School in December.

Annual Waimea Hamfest set for Feb. 21

The Kohala Hamakua Radio Club has announced plans for its annual February Waimea Hamfest.

Pete, WH6GXF, circulated the following announcement about the popular event:

"Hi all: We are confirmed for Waimea Hamfest 2026 on February

21 at Waimea Community Center, 9 AM to 2 PM. We have also applied for a sanctioned event under ARRL.

"Save the date. More information to follow soon."

*Aloha,
Pete Hendricks*

Tributes to BIARC Silent Keys, AH6EI and WH6DPO, on Page 2

MARVIN KITCHEN WH6DPO, SK

Marvin Kitchen, WH6DPO, 83, of Ainaloa, passed away in November.

Prior to retiring, Marvin worked at Hawaii Community College as a computer specialist and at UH-Hilo as a software engineer.

Marvin was a former BIARC member and the father of the club's veteran treasurer, Tony Kitchen, WH6DVI. Arrangements were handled by Dodo Mortuary, with a memorial service held at the Orchidland Chapel of the Church of Jesus Christ of Latter-Day Saints.

Marvin grew up in Utah, then worked in electrical engineering in Los Angeles, prior to moving to Oregon, and later to Hawaii.

"In Los Angeles, my father worked with early chip designers, helping to test and develop integrated circuits," said Tony. "This was long before the personal computer and before the term 'Silicon Valley' existed.

"He was fascinated by electronics from an early age. He lived in a 'hot spot' of electrical engineering. After my sister Sandia and I were born, he recognized that LA was not necessarily the best place to raise a family, so he moved us to Southern Oregon. At the time Oregon was a peaceful mix of small towns and farming communities." Later, another son and daughter were born to Marvin and his wife, Nancy.

"My father started his first business in television repair. By the time I was 8 he started another business as an electrical engineer and consultant. He took the time to teach me electrical concepts and design and kept me active in Cub and Boy Scouts."

As his children grew, he started other businesses that focused on digital electronics, then computers, and finally software.

A good time was had by all at the BIARC Winter Field Day 2022 event off Mana Road. BIARC members and friends enjoyed the high-elevation day in the sun and a home-cooked meal of pork adobo prepared by mobile chef Paul Ducasse, WH7BR, who took this photo. Glenn Kadota, AH6EI, SK, is second from right, crouching next to Gary Schwiter, WH6EPS.

GLENN KADOTA, AH6EI, Silent Key

Glenn Kadota of Volcano, AH6EI, died recently after being hospitalized in Hilo. An Elmer to many new, as well as experienced, operators over the decades, Glenn first became a ham as a teenager.

"I first got my ham license in high school 50 years ago. I have been back in the hobby a number

of years now," he wrote on his QRZ site a few years ago. His previous call sign was AH6IO until he changed it to AH6EI in April of 2021.

His QTH is at the 4,000-foot elevation in the Volcano Golf Course Subdivision. Glenn got great pleasure out of testing and using various radios and anten-

na set-ups. And he enjoyed sharing those experiences and the knowledge gained with interested hams.

As he noted on QRZ, "My transceivers change a lot."

Information about services for Glenn is pending and was not available as of the Hamgram publication deadline.

In this photo from the March 2021 club newsletter, Glenn joins a February club Zoom discussion during the first of two annual general membership meetings. By April, he was operating under his new call sign, AH6EI.

Refreshment Committee Report

Starting in 2026 we will be providing hot water for instant coffee, Lipton tea, green tea and cocoa.

There will still be water slightly chilled in the freezer.

This should satisfy more members' thirst than the previous arrangement of brewed coffee, which has generally fallen out of favor with members and guests.

Jim Tatar
Committee chair

EDUCATIONAL OUTREACH From previous page

hundred. Leigh, WH6LC, and Fred, WH6HAA, were on the Hot Line, connected to the BIARC repeater. Thanks for those extraordinary efforts. On the ground were Mark, WH6FSA, Jim, WH6EMN, and I.

Apparently, 320 attended, and we all enjoyed the event. We are on the list for future outreach programs with the Museum of Science and Technology.

Our next event will be on Saturday, Jan. 24, at the University of Hawaii at Hilo.

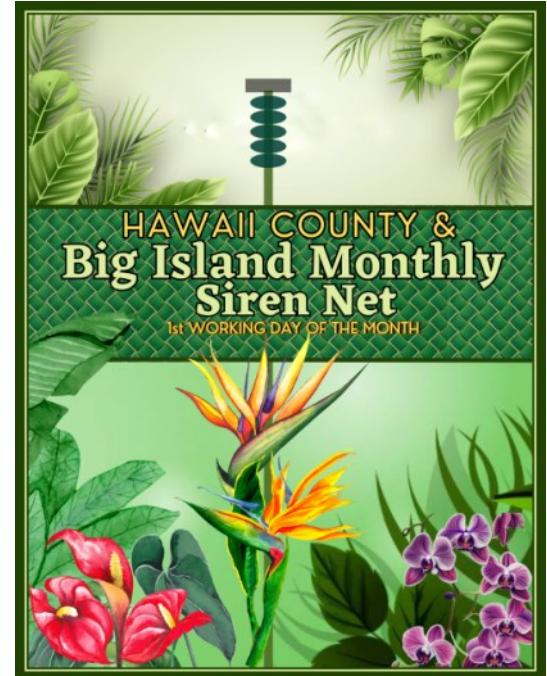

We have been invited by the Pacific International Space Center for Exploration Systems (PISCES), the Canada-France-Hawaii Telescope, and the Hawai'i Science and Technology Museum to participate in the Astronaut Ellison Onizuka Science Day at UH.

This will be a very special opportunity to present BIARC to the public.
